1st Floor Remodel / Kitchen / Master Bath

8

2558 Old Boston Court | Ann Arbor

*Upgrade your expectations! We offer over 25 years of quality experience in Ann Arbor. Using our designers, or a client's own architect, we help turn dreams into reality. Our trained staff works together with a select group of skilled trade-contractors to consistently complete projects on time and on budget with unparalleled attention to detail. From additions and sunrooms to kitchens, baths and basements, we look forward to meeting your needs.*

## PROJECT > 1st Floor Remodel / Kitchen / Master Bath

With the help of designer Mary Mortensen and Bob Miller at Builder's Carpet Outlet, the majority of the first floor of this mid-century Cape Cod home was remodeled with an eye to staying true to the homeowners' eclectic taste. In both the front room and new kitchen, antique beveled-glass French doors open to the conservatory. New red oak flooring, matching the original, was installed in the remodeled kitchen where you'll find new appliances and upscale plumbing fixtures. The Starmark chocolate-glazed Farmington quarter-sawn oak cabinets in both kitchen and master bath coordinate well with the Cambria Nottingham countertops. The master bath space was created from a former bedroom. The carefully selected tile and impressive neo-angle shower enclosure make this bath a must see. Come and see how redesigning existing spaces can make a huge difference in a home's functionality.

**DIRECTIONS >** South on Platt Road from Washtenaw Ave, turn right onto Old Boston Court to 2558.
