PROJECT > Master Bath / Master Walk-In Closet / Master Bedroom / Kitchen

This colonial style home is alive now and a welcome refuge!

The master bedroom became a master bedroom suite with a large walk-in organized closet and a larger-than-before bath. Painted European wallpaper and bamboo flooring are some of the unique finishes.

The renovated kitchen includes granite counters, Hickory cabinets, wood flooring. This is a must see to learn how we gained work space and storage without enlarging the home.

We offer over 25 years of award winning additions, kitchens, baths, basements and whole house renovations.

We bring you aging-in-place, green 'smart' building techniques and sustainable products along with enthusiasm to make your home fit your lifestyle. Patricia Harroun, president of Cardea Construction Company, would love to work with you! Call her!

DIRECTIONS > Green Road North of Glazier, South of Plymouth: Take Larchmont East to the first left— MacGregor. Left at Chatham Way, this home is on the left.
